

## Use of Prescribed Terms in Tourist Traffic Acts

The Tourist Traffic Acts 1939-2016 specify that where certain terms are used to describe tourist accommodation, the proprietor using those terms must register with Fáilte Ireland. Registration may also require compliance with whatever current regulations are in force for that tourist accommodation sector.

The Acts require Fáilte Ireland to maintain a public register of proprietors using the prescribed terms. The Register can be found on: [www.failteireland.ie/supports/Get-quality-assured.aspx](http://www.failteireland.ie/supports/Get-quality-assured.aspx)
