

Fáilte Ireland Support for **NATIONAL SCHEMES**

OUTDOOR RECREATION INFRASTRUCTURE FUND 2018

Fáilte Ireland has partnered with the Department of Rural and Community Development to provide funding of almost **€11million for 78 projects across 24 counties** – including Mayo – under Measure 2 of the 2018 Outdoor Recreation Infrastructure Scheme.

The scheme is part of the Government's Action Plan for Rural Development and provides funding for new outdoor recreational infrastructure. It also supports the maintenance, enhancement and promotion of existing outdoor recreational infrastructure in Ireland.

Fáilte Ireland has invested a total of **€3million** into the scheme with the aim of enhancing existing tourism recreation infrastructure and ensuring that the economic benefits of tourism are spread regionally across the country.

Rural Regeneration & **DEVELOPMENT FUND**

Fáilte Ireland works closely with the Department of Rural and Community Development to deliver quality visitor experiences nationwide to ensure local communities can benefit from tourism growth, both economically and socially. Fáilte Ireland has partnered with its strategic partner the National Parks and Wildlife Service (NPWS) on an application under the Department's Rural Regeneration and Development Fund (RRDF):

NPWS: “Regenerating Rural Ireland by Transforming the Visitor Experience at Ireland’s National Parks and Nature Reserves”

This is a flagship national project stemming from the recently published Tourism Interpretative Masterplan for Ireland's National Parks, which will enhance and significantly upgrade the visitor experience across Ireland's portfolio of National Parks and Nature Reserves in a number of locations including Mayo.

Upcoming Fáilte Ireland Initiatives **FOR MAYO**

CLEW BAY VISITOR EXPERIENCE DEVELOPMENT PLAN

Fáilte Ireland has initiated a number of Visitor Experience Development Plans across the country. These are 3-5 year commercial development plans for a region, which bring the public and private sector together to drive visitors and revenue to lesser known areas and attractions, especially in the off-peak season. These plans pull together stories, ideas, and opportunities that could be used to boost tourism and, vitally, will be delivered in a way that encourages visitors to spend more time in an area, without compromising the environment or culture of the region.

In Mayo, the first phase of the **Clew Bay Visitor Experience Development Plan** commenced in early 2019 with a number of workshops seeking input from tourism businesses, tourism and community group members and the local community. The plan is being developed with key stakeholders and is due to be completed by the end of 2019.

DESTINATION TOWNS – OPEN FOR APPLICATIONS

Through Fáilte Ireland's Destination Towns initiative, every Local Authority in the country – including Mayo County Council – will be able to bid for funding of between **€250,000 and €500,000** to develop up to two towns in their area that have the potential to become a tourism hub.

The new scheme, which is now open for applications, will provide funding for the Local Authority to enhance public spaces and attract more overseas visitors. The Wild Atlantic Way team is working closely with the council on its funding submission. The closing date for applications is September 2019.

PLATFORMS FOR GROWTH INVESTMENT PROGRAMME

Platforms for Growth is Fáilte Ireland's new four-year capital investment programme worth **€150million**. The programme specifically targets product themes and types known as 'platforms', which have the greatest potential to grow tourism in Ireland. The first of the platforms to be launched is **Immersive Heritage and Cultural Attractions**, which will focus on developing world-class attractions that appeal to overseas visitors who are looking for hands-on experiences.

The programme will fund projects of scale (greater than €2.5million) and falls under the Government's Project Ireland 2040 strategy which supports sustainable growth in the Irish tourism sector to drive higher revenue and job creation around Ireland. Platforms for Growth is now open for applications until 17th July 2019 and a series of workshops will be held around the country.
