

Your Questions Answered

• What is the purpose of the National Quality Assurance Framework?

The Fáilte Ireland National Quality Assurance Framework was developed to provide visitors with the assurance that nationally recognised minimum standards are in place. The framework was also designed to maintain and develop standards across the tourism accommodation industry and to support the development of individual tourism accommodation operators.

• Am I required to register with Fáilte Ireland?

Under the Tourist Traffic Acts (1939-2016) businesses which use certain prescribed terms to describe themselves must register with Fáilte Ireland. These are known as the Statutory Accommodation sectors, which include:

- Hotels
- Guest houses
- Holiday Hostels
- Youth Hostels
- Caravan & Camping Parks
- Self-Catering
- Holiday Camp

Tourism accommodation businesses that gain approval with Fáilte Ireland in sectors other than the statutory sectors are known as Non Statutory Accommodation. Approval under these sectors is on a voluntary basis. The Non Statutory Accommodation sectors include:

- B&Bs
- Historic Houses
- Self-Catering
- Fáilte Ireland's Welcome Standard

• What are the benefits of approval?

There are numerous benefits of approval such as access to a wide range of business development tools and resources, inclusion on the Fáilte Ireland and Tourism Ireland suite of websites, and much more.

• What is an assessment visit and how often do they occur?

An assessment visit assesses the property against prescribed regulations and relevant classification criteria in the statutory accommodation sectors and the minimum requirements and classification criteria in non statutory sectors.

These assessments are conducted at your premises by experienced assessors and provide the opportunity for you to benchmark your business in relation to quality and industry standards, and local competition.

Assessments take place every 1 or 2 years depending on the property type:
